

4th Annual Civil War Relic Treasure Hunt

May 18th & 19th 2024

Seeded hunt will start @ 9 am sharp on May 18th.

Cost: \$150.00 per detectorist.

Kids: 10 & under free & 11-15 years old \$100.

For this year's hunt we will be on 130+ acre property that dates to the late 1700's. There are a couple of older home sites on the property with the potential for Civil War relics being found. A Union forces camp was in very close proximity of the hunt site. Relics have been recovered in several places very close to this property. The hunt site will mostly consist of coastal hay fields with small portions of woods.

The seeded event will be held on Saturday the 18th, where participants will have the opportunity to dig actual relics used during the Civil War. The buried targets will include 2000 Civil War bullets and brass relics. Participants can also expect to find relics ranging from the 1600's – early 1900's. US silver coins will also be mixed in with the relics. 200 prize tokens redeemable for BIG SILVER, GOLD, and DETECTORS!!!

There will also be tokens for period buttons and Native American artifacts.
